IT skills

Operating systems	Windows good, Linux good
Programming	Python good, C good, Scala basics, HTML good, JavaScript good, CSS good, SQL basics, R basics

Work experience

- 05-08/2014 **Digita Networks Oy**
& 05-09/2013 As Network Supervisor at the Network Management Centre in Helsinki I was working part of a team supervising Digita's services, including the television, radio and data network. The position required stress tolerance and handling multiple things at the same time. Starting and co-ordinating the fault repair process was an important part of my job description. The work also included configuration of program transmissions for several customers.
- 06-08/2012 **Karjaan Puhelin Oy Ab**
As a trainee in the technical department of Karjaan Puhelin I installed optical fibre connections in both housing companies and in detached houses. Troubleshooting was a part of my work. I also configured fibre optic- and copper based terminal equipment. I gathered valuable customer service experience.
- 06-06/2010 **Raaseporin seurakuntayhtymä**
& 06-08/2009 I did outdoor gardening work at the cemeteries in Tammisaari. The work consisted of planting, leaf blowing, lawn mowing and some reparation and maintenance of small machines.

Military service

I completed my military service in Dragsvik's Marine Company during 10.01.2011 – 08.07.2011.

Military degree: jaeger

Hobbies

I actively train at the gym. I enjoy cross-country skiing and windsurfing and I have played football for 9 years as a junior. I am also interested in music. My main instrument is the clarinet, but I also play some guitar and piano.
